Subject: Please forward - District Judge Lucy H. Koh (Re: Wilbur Ross)

District Judge Lucy H. Koh,

Info on Wilbur Ross Census 2020.

No response required. Good luck on getting Wilbur Ross to care about anything anyone asks him or reports to him. Sometimes I wish I didn't have his same last name.

I have also tried to contact Wilbur Ross in regards to Census 2020 not paying for time in training.

I have also sent notice to the Department of Labor but neither have helped.

I was hire to work for Census 2020 in Albuquerque, NM. Started July 30th. Was told to arrive 8:30am. Then during the time to get into the area, we were sworn in approximately 10:00am. We were told our clock dud not start until that time since we were not really working for them prior to that.

Then by that evening I became sick, Dry Cough, Fever, Hard to swallow and lost taste. I had everything returned the next day to them since there was no tests available to get tested.

Now being two months later it is obvious they also decided not to pay for that one day of work. No one in our state wants to enforce the GOV either to pay for that day of work.

Thanks

Bob Ross
